

FLU VACCINATIONS FOR ORGANIZATIONS

Prevent illness. Minimize
sick days. Act proactively.

This winter, give your team the protection they deserve with Ichilov WELL's on-site flu vaccination service. Our certified medical staff comes directly to your workplace, providing safe, efficient, and convenient flu shots—seamlessly integrated into your organization's routine.

Ichilov WELL is a subsidiary of Ichilov Medical Center and the Movement Group. Founded with the mission of promoting holistic health and well-being, we empower organizations to take proactive steps toward healthier, more resilient teams.

WHY FLU VACCINATION MATTERS

Seasonal flu affects 5%–10% of the adult population in Israel annually, resulting in thousands of lost workdays. An employee with the flu typically misses between 3 to 7 days of work—and potentially more, especially in cases of complications or transmission at home.

THE BENEFITS FOR YOUR ORGANIZATION

- ✓ Fewer sick days – significantly reduce employee absenteeism
- ✓ Healthier, happier teams – improve overall workplace well-being
- ✓ A message that matters – show leadership, care, and responsibility
- ✓ Hassle-free process – convenient, confidential, and done on-site

THE FLU VACCINE CAN REDUCE
THE RISK OF ILLNESS BY UP TO

80%

helping protect not only the employee,
but also their family and coworkers.

HOW IT WORKS

#3

Wellness Giveaway

(Optional)

Add a thoughtful touch by offering a wellness-themed giveaway—vitamins, or other seasonal health items.

#2

Vaccination Day

Our medical team arrives fully equipped and administers vaccines quickly and professionally at your premises.

#1

Registration

Employees sign up in advance via a custom link for your organization and schedule their appointment online.

PLEASE NOTE:

A confirmation text message
will be sent after the
vaccine is administered.

A valid photo ID is required
on vaccination day.
